Offer Letter

Dear A.Joice Infanta Mary,

We are pleased to inform you that Makeclouds Digital Transformations is offering you an Internship in Embedded Systems. Your skills and academic background have impressed us, and we are excited to have you join our team.

Internship Details:

- Position: Embedded Systems Intern
- Duration: 3 months
- Stipend: 8000

Responsibilities:

Assist in the design, development, and testing of embedded system projects.

Work on microcontroller programming, sensor integration, and hardware interfacing.

Participate in team discussions and document your work.

Learn and implement practical solutions in real-time projects.

We believe that this internship will provide you with valuable industry experience and an opportunity to enhance your technical skills. Please confirm your acceptance of this offer by replying to this email or signing and returning a copy of this letter by [confirmation deadline].

We look forward to welcoming you to Makeclouds Digital Transformations and supporting your growth in the field of Embedded Systems.
